

2018 SARC Input Form

THIS IS NOT THE FULL SARC TEMPLATE.

Please review and complete each section of this template for completeness and accuracy. This template is provided as a tool to update your SARC and contains only a list of required reporting components that our team isn't able to retrieve from public sources (i.e., Dataquest). DTS will import publicly available data as it becomes available.

This template provides clear, concise guidance in each section to assist you through the update process. You can also click on the section title for any of the sections to review detailed guidance from CDE regarding the reporting requirements for the section being reviewed/updated. A full version of CDE's data elements document can be downloaded by [clicking here](#).

A list of answers to frequently asked questions can be reviewed by [clicking here](#). If, after reading the provided guidance and referring to the frequently asked questions documentation, you find you still need assistance, please feel free to contact the DTS Support Team by [clicking here](#).

School Description and Mission Statement (School Year 2018-19)

Please review and complete the information below as needed. This section should include information about your school, its programs and its goals. This section should be kept to 2-3 paragraphs.

Pioneer High School has an enrollment of approximately 150 students who are at least sixteen years of age or older and are at-risk of not graduating on time due to credit deficiency, discipline issues or both. Pioneer High School, established in 1967, is the oldest continuation high school in the Redding area and is WASC Accredited. We offer a core curriculum that matches the comprehensive high schools and our students have the advantage of small class sizes as well as multiple support services. Students have an opportunity to earn accelerated credits as well as participate in CTE and other work experience opportunities. Students are enrolled for five periods daily and may also enroll in on-line courses as well as concurrent adult education courses to further accelerate the completion of 230 credits. The school calendar is divided into 6 grading sessions over the course of the year. The campus is closed, however, students can earn the privilege of going off campus at lunch time if they earn required credits, demonstrate good attendance and do not acquire any referrals regarding behavior issues.

Approximately 90-95% of the students at Pioneer Continuation High School are credit deficient. Quite often students enroll as Seniors with a significant lack of credits in the courses of Math, English and Social Science. Sometimes the biggest barrier to student achievement is an attitude where students either believe they can't or aren't willing to succeed (for a variety of reasons). We focus on removing the obstacles that get in the way of student learning and develop Individual Graduation and Beyond Plans. The challenge is to prepare these students for the next phase of life. If they are not able to obtain a diploma at Pioneer (because it's mathematically impossible), we counsel them for the next step at Shasta Adult School or the GED process. The goals for all students are to prepare them for one of five next steps in life: (1) Post Graduate Education; (2) Trade School; (3) Certification or an Apprentice Program; (4) Military or (5) the Work Force. The academic instructional focus is geared toward state standards and our Expected School wide Learning Results (ESLR's). Pioneer students must meet all district and state standards in order to receive a diploma. Student performance is directly linked to teacher competency. As certificated openings occur in settings with low performing students, it's imperative to recruit the best teachers to work with the students with the greatest needs.

The campus has also been modernized with two new buildings and updated landscaping. Though the process took many years to qualify for funding and complete the grounds are one of the most beautiful in the district.

Opportunities for Parental Involvement (School Year 2018-19)

Please review and complete the information below as needed. This section should include information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement. This section should be kept to 1-2 paragraphs.

Pioneer High School has an open door policy for parental involvement. Parents are required to be present at the intake process during registration. Parents and community members are invited to attend all site council meetings which are held regularly throughout the school year. Pioneer will also be transitioning from Targeted Assistance to a Schoolwide Program and that the school will be doing a needs assessment to determine how Title 1 resources will be utilized. Resources/programs are available for ELL students, in addition, there is a district ELL liaison. Community members, parents and graduates are also invited frequently as guest speakers and evaluators for the annual Career Week Faire. Parents also participate in the Parent Survey sent out annually. Parents and students help develop and give input regarding goals for the district LCAP. Additionally, parents and community members are invited to participate in our many social functions such as holiday dinners and open house barbecues. Parent letters and all call messages through our School Messenger system are utilized as well. To learn more about opportunities for parents to get involved at our school please call Mr. Calkins at 530-243-1880.

School Safety Plan (School Year 2018-19)

Please review and complete the information below as needed. This section should include information about your school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan (please do not paste your entire safety plan in this field). This section should be kept to 1-2 paragraphs.

The school safety committee meets approximately six times a year, sometimes monthly. The committee monitors the school site safety plan, coordinates lock down and evacuation drills, and implements needed changes. Our head maintenance employee coordinates items related to safety on the job. Our site has consistently managed to have zero or limited claims due to accidents. Pioneer High School employs a school safety officer who is charged with patrolling the school grounds and monitoring student safety. The officer monitors the facility for safety as well as the students and control access of any unauthorized visitors to the campus. There is also a School Resource Officer from the Redding Police Department, who is shared among bordering campus sites to Pioneer, available on a daily basis. Plan was reviewed and updated on May 24, 2018. Review with faculty is ongoing.

School Facility Conditions and Planned Improvements (School Year 2018-19)

Please review and complete the information below as needed. This section should include information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

FIT tools completed using CDE's MS Excel format (only) can be submitted to DTS for import by [clicking here](#). Requests for multiple schools should be sent in one email. Otherwise, Please review and complete the information below as needed.

Year and month of the most recent FIT report: 07-20-17

This section should be kept to 1-2 paragraphs.

The Pioneer High School Campus was modernized in 2016. An entire new wing of classrooms were built along with a cafeteria, wood shop, conference room and main office. The campus also underwent extensive landscaping along with the creation of out door eating area for students and a beautiful quad area.

Teacher Credentials

Please review and complete the information below as needed. This section should include the number of teachers that fall into each category listed for the year indicated.

Teachers at this School	School			District
	2016-17	2017-18	2018-19	2018-19
With Full Credential	9	9	9	
Without Full Credential Without a full credential (includes LEA and university internships, pre-internships, emergency or other permits, and waivers)	0	0	0	
Teaching Outside Subject Area of Competence CDE does not collect data on the number of teachers teaching outside their subject area of competence (with full credential). Teaching outside subject area data should be available in the LEA's personnel office. In most instances, teaching outside subject area is a subset of total teacher misassignments (see data definition for Teacher Misassignments).	0	0	0	

Teacher Misassignments and Vacant Teacher Positions

Please review and complete the information below as needed. This section should include the number of teachers that fall into each category listed for the year indicated.

Indicator	2016-17	2017-18	2018-19
Misassignments of Teachers of English Learners 'Misassignments' refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.			
Total Teacher Misassignments 'Misassignments' refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.			
Vacant Teacher Positions 'Vacant Teacher Positions' refer to positions not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester.			

Academic Counselors and Other Support Staff (School Year 2017-18)

The data that is currently displayed in this table was carried over from last year's SARC. Please update the FTE for each category as needed. This section should include the number of staff, full time equivalent (FTE), employed at your school that fall into the categories listed.

One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50% of full-time.

Textbooks and Instructional Materials (School Year 2018-19)

This section describes 1) whether the textbooks and instructional materials used at the school are from the most recent adoption, 2) whether there are sufficient textbooks and instructional materials for each student 3) and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

List all textbooks and instructional materials used in the school in **core subjects** (reading/language arts, math, science, and history-social science), including:

- Year they were adopted
- Whether they were selected from the most recent list of standards-based materials adopted by the State Board of Education (SBE) or local governing board
- Percent of students who lack their own assigned textbooks and/or instructional materials*
- For kindergarten through grade 8 (K-8), include any supplemental curriculum adopted by local governing board

If an insufficiency exists, the description must identify the percent of students who lack sufficient textbooks and instructional materials. Be sure to use the most recent available data collected by the LEA and note the year and month in which the data were collected.

This data should match the most recent adoption of textbooks for your LEA.

Year and month in which the data were collected: 1-2018

This section should be kept to 1-2 paragraphs.

Expenditures per Pupil and School Site Teacher Salaries (Fiscal Year 2016-17)

The fields that are highlighted yellow are populated for you with data provided by CDE.

Percent differences, highlighted light-blue, are calculated by this form.

The remaining data was copied over from last year's SARC and should be reviewed/updated, with data from FY 16-17.

The most recent data available from CDE is for fiscal year 2016-17. For comparison purposes, data for the same fiscal year is requested from the school.

As this template is thoroughly reviewed each year, please note that the year listed, fiscal year 16-17, is correct.

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

Basic/Unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Types of Services Funded (Fiscal Year 2017-18)

Please review and complete the information below as needed. This section should include specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

As this template is thoroughly reviewed each year, please note that the year listed, fiscal year 17-18, is correct.

There is a full time substance abuse counselor available on campus. Additional counseling services are available one day a week through Northern Valley Catholic Social Services for Med-I-Cal eligible students. A full time assistant principal manages discipline, testing and assessment coordination. There is also a full time academic counselor who assists students with their course schedule and Individual Graduation and Beyond Plans. Resources/programs are available for ELL students, in addition, there is a district and site ELL liaison. All staff members are trained in a common discipline approach which emphasizes appropriate social and emotional behavior. All students complete Career Assessment inventories and participate in Career Week

Faire activities.

Professional Development (2016-17, 2017-18 and 2018-19)

Please review and complete the information below as needed. This section should include the number of days provided for professional development and continuous professional growth in 2016-17, 2017-18 and 2018-19. Questions that may also be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)?

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. The district offered two 6 hour staff development days for the 2017-18 school year where teachers were offered a broad based variety of professional growth opportunities in curriculum, teaching strategies and methodologies. Teachers in the Shasta Union High School District may utilize BTSA - beginning teachers in the areas of subject matter knowledge and teaching strategies. Faculty members may also participate in the BTSA program where a facilitator works with beginning and veteran teachers to improve their skills focusing on the California Standards for the Teaching Profession. Each Wednesday minimum day is dedicated to staff development. The primary emphasis of the staff development is in the arena of leadership, school wide literacy and effective teaching strategies. Specific to leadership training the entire staff is trained in Capturing Kids Hearts through the Flippen Group. The critical component of relational capacity to best serve students, staff and parents is our foundation for improving instruction and student performance at Pioneer High School.

School Completion and Postsecondary Preparation

**This section applies to schools serving grades 9-12 only.
If your school does not serve grades 9-12, simply skip and leave this section blank.
It will not be included in the full SARC.**

Career Technical Education Programs (School Year 2017-18)

Please review and complete the information below as needed. This section should include information about Career Technical Education (CTE) programs at your school including:

- Programs and classes offered that are specifically focused on career preparation and or preparation for work
- How these programs and classes are integrated with academic courses and how they support academic achievement
- How the school addresses the needs of all students in career preparation and/or preparation for work, including needs unique to defined special populations of students
- The measurable outcomes of these programs and classes, and how they are evaluated
- State the primary representative of the district's CTE advisory committee and the industries represented on the committee

As this template is thoroughly reviewed each year, please note that the year listed, 16-17, is correct. This section should be kept to 1-2 paragraphs.

The Shasta Union High School District offers Career and Technical Education (CTE) programs organized in sequences of courses designed to provide students with opportunities for enhanced learning experiences and preparation for productive employment and/or post high school education. Courses in Agriculture; Business and Technology; Consumer and Family Sciences; Industrial Technology; Public Safety; Education: Medical; and Engineering Technology are offered that satisfy the district's Practical Vocational Arts requirement for graduation. Work Experience Education offers a combination of classroom learning and on-the-job training to 11th and 12th grade students who are employed part-time. Many of the CTE courses are dual enrolled or articulated with Shasta College and offer students an opportunity to earn college credit and to receive a strong experience and understanding of all aspects of the industry they may consider pursuing as a future career.

The district promotes, supports, and provides services that ensure all students have full and equitable participation in all CTE programs and courses. Support services are available for students with special needs. These services may include: guidance and counseling; assessment; transitional services; and modifications to and reasonable accommodations for curriculum, equipment, and facilities. These services are provided to ensure special needs students are recruited, enrolled, supported and successfully complete CTE courses and programs.

Programs are evaluated and updated each year with the Director of Categorical Programs and program advisory committees. The district CTE advisory is run by the Director of Categorical Programs and includes industry representatives from all the CTE pathways in the district.

Career Technical Education Participation (School Year 2017-18)

Please review and complete the information below as needed. This section should include information about the level of participation in Career Technical Education (CTE) programs at your school. Numbers populated were carried over from last year's SARC.

As this template is thoroughly reviewed each year, please note that the year listed, 17-18, is correct.

Measure	CTE Program Participation
Number of pupils participating in CTE	251
% of pupils completing a CTE program and earning a high school diploma The unduplicated count of pupils that completed one or more CTE programs and graduated ÷ the total number of pupils (grades nine through 12) that completed a CTE program	10.8%
% of CTE courses sequenced/articulated between the school/institutions of postsecondary education The number of CTE courses that are sequenced or articulated ÷ total number of CTE courses offered at the school	0
